Re: The Latest News

Date: June 2, 2004

Dear all

The Minister for Planning has signed a notice of decision to grant a permit to the Becton plan for 547 units on the Eastern Precinct. The only modifications to the submitted plans are a small portion of the southern section of the 11 storey building on Swanston Street has been reduced by two storeys, with an addition of a 7th level to the eastern wing parallel to Cardigan Street. As well a section of the southern section of a six storey building parallel to Cardigan Street will be reduced by two floors with a compensating extension of the buildings to the south. A small reduction of one floor is required for part of the building on the corner of Faraday and Swanston Street. Essentially the conditions match the Melbourne City Council recommendations in relation to the scale and bulk of the complex. At this stage, although there no final elevation plans are available for the buildings. In lieu, copies of the unendorsed elevations that are the working plans are attached. Our Committee and Planning Group remain of the view that the resulting plans would still be visually bulky and out of scale with the character of buildings in the area and contrary to planning controls. We are negotiating with Becton Corporation and have also lodged an Appeal to VCAT against the decision. If we can achieve a negotiated settlement we will withdraw as an objector.

Our next General Meeting will be on Tuesday 15th June from 6 to 7.30pm in the Kathleen Syme Building (former Faraday St school). Our speakers on "Creating Public Spaces including Trams" will be Hubert Guyot, CEO of Yarra Trams, Rob Adams, Director, MCC City Projects, Arts & Culture Division, and Professor Kim Dovey, University of Melbourne. Note that the meeting date differs from the listed date due to the availability of the speakers. Straight after the meeting, there will be the CRA Planning Group Meeting at 7.30pm.

Another meeting coming soon is the MCC Community Forum Meeting, 6.00pm - 7.30pm on Wednesday 23 June at Room 2, Kathleen Syme Education Centre, Royal Women's Hospital, entrance from Faraday Street, between Swanston & Cardigan Streets. If you, have any items for the agenda, please forward them by June 11 to: email: lcf@melbourne.vic.gov.au fax: 9658 9613 Mail: Local Community Forums, GPO Box 1603M, Melbourne, Vic, 3001.

We often hear that people do not know who to contact at Town Hall on specific issues. Cr Ng has sent a handy list of names and phone number. The information is attached and we will place the contact details on our website. To ring anyone on the list, ring 9658 and then the extension. You may also like to peruse the draft MCC budget at

<http://www.melbourne.vic.gov.au/index.cfm?categoryid=4&contentfile=infopage.cfm&topicid=41&infopageid=1338>

I am now hot-footing to a meeting on the Carlton Gardens Masterplan. We are still waiting to hear whether the Royal Exhibition Buildings and Carlton Gardens has been listed on the World Heritage list.

Best wishes

President
