---------	-----------------------------------	-----------------	-------------

What are the reasons for your objection?

The subject dwellings are apparently ungraded properties, however the adjacent properties to the north and the south are C graded, as are many of the other properties in what is a relatively intact Level 2 streetscape.

Carlton Residents Association is concerned that the integrity of the level 2 streetscape could be negatively impacted by the replacement of the existing dwellings and requests that a heritage report be commissioned to assess this issue.

Any degradation of a heritage streetscape impacts the public realm which is always of concern to the Carlton residents Association.
