What are the reasons for your objection?

The Carlton Residents Association advocates on behalf of its members to:

- Support the retention of the heritage assets of the Carlton community and to discourage new developments that fail to respect these assets.
- Maintain the quality of the public realm with a focus upon maintaining access to sunlight and sky views, and a pedestrian friendly scale.
- Interpret and apply the performance based provisions of the Melbourne Planning Scheme fairly so that the interests of no one party are unfairly privileged over the interests of another party

Carlton Residents Association believes that the playing of amplified music outside a business premises in this location is inappropriate because it can detract from the quiet enjoyment of food and associated socialising that much of the outdoors in this area of Carlton is used for.

A similar installation recently operated outside 299 Lygon St (without planning approval) so the negative impact on the ambience and general amenity of the public realm has already been experienced. Patrons dining alfresco at nearby restaurants found the music intrusive and experienced difficulty in conversing.

Carlton Residents Association believes that this proposal is not in keeping with the character of this locality. and approval should not be granted.
