What are the reasons for your objection?

Note: Your objection should state how the proposal will affect you and should relate to matters relevant to the proposed use or development.

The Carlton Residents Association advocates on behalf of its members to preserve heritage values and amenity in Carlton by the preservation maintenance of existing buildings, streetscapes and sympathetic development..

In this instance the following objections are made :

A - Overshadowing

Drawing No. A-112 Overshadowing diagram (12:00 noon 22 September) shows that the private courtyard area of the adjoining property at 4 O'Connell Lane will have an increased overshadowing area of 100% of the private area. In addition the full height windows to the existing living area shown on drawings A-100 & A-101 will be also overshadowed.

B – The proposal, due to its height and bulk fails to respect the character, form, massing and scale of buildings within the Heritage Overlays located near the site and is contrary to Clauses referring to Cultural Identity and Neighbourhood Character of the area.

C – We suggest that a Heritage Report be prepared as part of the assessment of this proposed project.

D – DDO6 stipulates a height limit of 8 meters, however drawings A-106, 107, 108, 109 and 110 show a building height at the O'Connell Lane boundary of 11.8 meters (RL 2194) and a total maximum roof height of 13.9 meters (RL 24.24).

Signed on behalf of the Carlton Residents Association.
