

A MOMENTOUS EVENT FOR CARLTON!

We rejoice in the magnificent outcome of a decade of CRA's arduous campaigning, the opening of the Kathleen Syme Library and Community Centre. Lord Mayor Robert Doyle acknowledged CRA's decades long crusade for this essential facility, and our crucial role in achieving release of the iconic Kathleen Syme building from the State Government for the Carlton community.

CRA thanked the Lord Mayor and Council for the marvellous restoration and provision of this essential facility, so important to life in Carlton.

In recognition of the opening, CRA presented to the Library, a copy of our critically acclaimed book *Carlton: A History*, and an archive of our quarterly Newsflash. These publications record the history of Carlton, which will now be available for reference in the library.
