

Treasurer's Report for 2022 presented at The AGM held 20 February 2023

Despite entering our third year of Covid, CRA has managed to continue its operation in an almost normal fashion. From a financial perspective, we have managed to keep expenses below our income and therefore for the third year in a row, we have added to our reserves.

A copy of the one-page summary of the financial situation of CRA as of the end of 2022 will be available at the AGM. This covers actual income and expenses against the 2022 budget, a budget for the 2023 year and a simplified balance sheet which shows the net assets of CRA to be over \$24,000.

A 2023 budget has been prepared, which is included in the document. Its in line with our broad objective of living within our means, with expenses not exceeding our income.

Does anyone have any questions about CRA finances? If so, please email me at
